Habitat**  
by Eco Luxury Group

**FRIDAY**

DAILY DESCRIPTIONS

**NORTH SEYMOUR &  
SANTA CRUZ ISLAND**

GALAPAGOS  
HABITAT | **1** |  
(Departure)

(2 hours navigation  
aprox.)

NORTH SEYMOUR  
ISLAND | **2** |

North Seymour Island is great for hiking. There is a circular path about 2 miles long that crosses the interior of the island which allows you to explore the rocky coastal path. On this trail, you will be able to discover some of the largest seabird colonies in the Galapagos Islands.

BACHAS BEACH | **3** |

At this beach, you can choose to rest and/or swim in the wonderful Galapagos waters.

What to see ?

Blue-footed boobies, bright and colorful frigatebirds, sea turtles, Galapagos sharks, sea lions.

What to do?

Trekking, snorkeling,  
swimming.

All meals included.  
(Breakfast, lunch and dinner)
